Upcoming Programs

OCTOBER 21 — MICHAEL SCHNEIDER,
PRESIDENT, MCPHERSON COLLEGE

Topic: *"The Car at the Center of Campus."*

Michael Schneider started his first enterprise at age 7 – a museum in his bedroom. The museum ultimately closed its doors to the public. But years later one of the collections on display – namely, (36) 1984 Topps Mark McGuire Olympic rookie cards – funded Michael's education at McPherson College, where he graduated with honors in 1996. Michael got his early career break when partners at Summit Publishing invited him to run the company. He was only halfway through his 20s when he found himself leading a company into the electronic commerce era. His list of life adventures has included earning an MBA from the University of Denver, doctorate from the University of Pennsylvania and supporting startups in everything from information technology to green energy.

In 2002, Michael's alma mater called him to return, and he made the decision to answer that invitation. He has moved through a list of key positions at McPherson College, helping spearhead increased giving to the college and enrollment numbers now at all-time highs. McPherson College boasts the largest endowment of any private college in Kansas. For five consecutive years, McPherson College has been named by the *Chronicle of Higher Education* as one of their "Great Colleges to Work For." Michael now finds himself as one of the youngest college presidents in the United States, a job he enthusiastically took in 2009. Michael's passionate vision to lift up liberal arts through an entrepreneurial mindset has sparked the imagination of the entire campus. He has been involved with the automotive restoration program in McPherson for nearly 20 years. Ask him and he will tell you that *the car is at the center of the McPherson College campus*.

Michael and his wife, Kandee, have two daughters, Perrin and Hayden. Oh, and a 1966 Pontiac named Ruth.

The Four-Way Test

Is it the TRUTH?	Is it FAIR to all concerned?
Will it build GOODWILL & BETTER FRIENDSHIPS?	Will it be BENEFICIAL to all concerned?

Congratulations!
